

Assignment – 2

Assignment Date	18 OCTOBER 2022
Student Name	Mr. KISHORE KUMAR
Student Roll Number	811519104058
Maximum Marks	2 Marks

Question 1:

1. Create User table with email,username,roll number, password.
2. Perform UPDATE,DELETE Queries with user table
3. Connect python code to db2.
4. Create a flask app with registration page, login page and welcome page. By default load the registration page once the user enters all the fields store the data in database and navigate to login page. Authenticate user with username and password. If the user is valid show the welcome page

HTML CODE

created.html

```
<h2>User Created</h2>
<h4><a href="/login">Click Here to Login</a></h4>
```

dashboard.html

```
<html>
  <head>
    <title>Welcome</title>
  </head>
  <body>
    <h2>Welcome to our Website, {{name}}</h2>
  </body>
</html>
```

index.html

```
<html>
  <head>
    <title>
      User Registration
```

```
</title>
